In *But Populism Could Kill It*, award-winning journalist David Frum presents a chilling analysis of the populist threat to democracy.

Drawing on examples from around the world, Frum shows how populism's toxic brew of nationalism, xenophobia, and anti-intellectualism is corroding the foundations of our societies. From Donald Trump's rise to power in the United States to the Brexit vote in the United Kingdom, Frum argues that

populism is a global phenomenon that poses a serious threat to our democratic values.

But Frum also offers a path forward, arguing that we can defeat populism by strengthening our democratic institutions and promoting a more inclusive and tolerant public discourse. He calls on citizens to get involved in their communities, support independent journalism, and reject the siren song of demagogues.

But *Populism Could Kill It* is a timely and essential book for anyone who cares about the future of democracy.

Praise for *But Populism Could Kill It*

“A powerful and urgent warning about the dangers of populism.” — The New York Times

“Frum's book is a must-read for anyone who wants to understand the threat to democracy posed by populism.” — The Washington Post

“A brilliant and deeply informed analysis of the populist threat to democracy.” — The Guardian

About the Author

David Frum is a senior editor at The Atlantic and a contributing editor to The Brookings Institution. He is the author of six previous books, including the national bestseller Trumpocracy: The Corruption of the American Republic.
