The book is divided into three parts. Part One provides an overview of the literacy demands of the content areas and the challenges that students face when reading and writing in these areas. Part Two offers a detailed description of the instructional practices that have been shown to be effective in teaching content-area literacy. Part Three provides guidance on

how to assess students' literacy skills and how to use assessment data to inform instruction.

This book is an essential resource for any teacher who wants to help students develop the literacy skills they need to succeed in school and beyond.
