Political Islam is a complex and multifaceted phenomenon that has played a significant role in the history and politics of the Gulf region. In recent years, the rise of political Islam has been particularly pronounced, with Islamist movements and parties gaining power or influence in several countries in the region. This has led to increased interest in the study of political Islam, and in particular its role in the Gulf region.

This book provides a comprehensive overview of political Islam in the Gulf region. It begins by examining the historical roots of political Islam, and then traces its development in the Gulf region from the early 20th century to the present day. The book also examines the different forms that political Islam has taken in the Gulf region, and the factors that have influenced its development. Finally, the book explores the future prospects for political Islam in the Gulf region, and assesses its potential impact on the region's politics and stability.

Key Features:

- Provides a comprehensive overview of political Islam in the Gulf region
- Examines the historical roots of political Islam, and traces its development in the Gulf region from the early 20th century to the present day
- Examines the different forms that political Islam has taken in the Gulf region, and the factors that have influenced its development
