Materials You'll Need:

- Felt sheets in various colors (for ice cream, cones, and toppings)
- Scissors
- Fabric glue
- Needle and thread (optional, for added durability)
- Poly-fil or stuffing material

- Toothpicks or skewers (for ice cream scoops)
- Optional: embellishments such as beads, sequins, or sprinkles

Step 1: Creating the Ice Cream Scoops

Begin by selecting the desired colors of felt for your ice cream scoops. Cut out circular shapes, ensuring they are identical in size and proportionate to the cone you will make in the next step.

To add depth and dimension to your scoops, you can layer different colors of felt and stitch or glue them together. Experiment with various color combinations to create a vibrant and appetizing display.

Once your scoops are shaped and layered, insert toothpicks or skewers into the bottom of each scoop. These will serve as the stems or handles when you attach them to the cone.

Step 2: Crafting the Felt Cone

For the cone, you will need a piece of felt in the desired color. Cut out a triangular shape, making sure the base is wide enough to accommodate the number of ice cream scoops you plan to stack.

Roll the felt triangle into a cone shape and overlap the edges. Secure the cone with fabric glue or stitches for reinforcement.

To create a realistic waffle cone effect, you can use a pen or marker to draw or embroider cross-hatched lines on the felt cone.

Step 2: Crafting the Felt Cone

Step 3: Assembling the Cone and Scoops

Now comes the exciting part: assembling the ice cream cone. Take the ice cream scoops and insert the toothpicks or skewers into the top opening of the cone, arranging them in a visually appealing manner.

Secure the scoops with fabric glue or stitches to ensure they stay firmly attached to the cone.

For added stability, you can fill the inside of the cone with poly-fil or stuffing material to give it a plump and realistic appearance.

Step 4: Adding Toppings and Embellishments

Personalize your felt ice cream cone with a variety of toppings and embellishments. Cut out small pieces of felt in different colors and shapes

to represent sprinkles, chocolate chips, or fruit slices.

You can also add beads, sequins, or embroidery thread to create additional details and textures. Experiment with various combinations to create a masterpiece that reflects your unique style and creativity.

Step 4: Adding Toppings and Embellishments

Congratulations! You have now completed your very own felt ice cream cone, a delightful and charming creation that will add sweetness and cheer to any space.

Whether you display it as a decorative piece, use it as a playful prop, or gift it to a loved one, this felt ice cream cone is sure to bring joy and inspiration. The possibilities are endless, so let your imagination soar and create a collection of felt ice cream cones in vibrant colors and imaginative designs.

Remember to share your creations with us and fellow craft enthusiasts on social media. Inspire others with your creativity and show off the magic you've made with felt. Happy crafting!
